The Sacred Fire Ring represents the fire and the light that we carry in us from the moment G-d breathed the breath of life into us. In the Scriptures, fire is mentioned multiple times. One of the greatest examples of this is portrayed in the desert when the Israelites were lead by G-d from Egypt to the promised land. In the desert, G-d protected the Israelites by providing them with a cloud during the day, and the pillar of fire at night. This was not simply to help them to see the way, but also to protect them against predators. However, G-d was the fire and also in the fire; exactly like in the burning bush.

The Grafted-In Tree Ring #GITR7

\$189 (Sizes 5-1; half sizes available).

The Grafted-In Ring (Sterling Silver) is made up of two olive branches that grow on either side, graft-in together and create One New Man.

The Grafted-In Ring represents the roots from which we all derive. If the roots are holy, the branches are holy too. Romans 11:16-18 has a beautiful description which we all need to adopt in order to make our world a better place to live in: if the part of the dough offered as first fruits is holy, then the whole batch is holy; if the root is holy, so are the branches. If some of the branches have been broken off and you, through a wild olive shoot, have been grafted-in among the others and now share in the nourishing sap from the olive root, do not consider yourself to be superior to those other branches. If you do, consider this: you do not support the root, but the root supports you.

The Holy Spirit Pednat #THS3 (Yellow Gold)

And where you die, I will die, and there I will be buried. I ask G-D to punish me terribly if I do not keep this promise: Not even death will separate us."

The Half a Shekel Pendant #Shek33

\$143

In the book of Exodus 30:13, the half shekel is mentioned in relation to a donation to the temple once a year by people over the age of 20. What is significant about it is the statement that the poor will give the same amount as the rich. We are all equal. Just because you have a little bit more than someone else, does not mean that you are better in G-d's eyes.

On one side of the half shekel is a jar of manna that G-d commanded us to have in the ark of the covenant, and writings in paleo Hebrew all around. The paleo Hebrew notes the year of 67, the second year of the Maccabi resistance. On the other side of the half shekel, is Aaron's scepter blooming with almond flowers. This was also commanded to be on the inside of the ark of the covenant. The paleo Hebrew on the second side of the coin says "the holy city of Jerusalem." Sterling silver. 22" chain included for an additional \$25.

I created a series of pieces including rings, bracelets, pendants, and earrings, which represent the spiritual meaning of this idea. In this particular pendant, G-d’s words create the shape of the pendant; when you are wearing it; you have G-d’s words physically closest to your heart.
